

Amendments to the Claims

This listing of claims replaces all prior versions and listings of claims:

Listing of Claims:

1. (Currently amended) A battery comprising:
a battery cell having a pair of terminals;
a circuit board disposed on a side of the battery cell;
a pair of connecting members, one end of each connecting member being attached to a respective end of the circuit board, and the other end of each connecting member being attached to the respective terminal of the battery cell;
a connector having a resin path extending therethrough along the side of the battery cell, wherein the connector is provided on the circuit board, the resin path is provided between the connector and the circuit board, and a width of the connector is substantially the same as a width of the side of the battery cell; and
a molded resin portion continuously formed via the resin path, covering the circuit board and the connecting members disposed on the battery cell.
- 2-3. (Canceled)
4. (Original) A battery according to claim 1,
wherein the connector comprises
a terminal housing arranged on the circuit board; and
an external connecting terminal connected to the circuit board electrically,
and wherein the external connecting terminal is arranged on top of the terminal housing.
5. (Original) A battery according to claim 4, wherein one end of the external connecting terminal is exposed at a side of the terminal housing.
- 6-7. (Canceled)
